

Vanderwater Conservation Area

This lovely outdoor spot is picturesquely located along the banks of the Moira River, where the water cascades over a series of limestone steps. The 15 km of trails explore a wide range of natural environments from mature cedar forests in the low lying areas to hardwood and coniferous forests that cover the slopes and high ground.

The Conservation Area is a popular destination each winter for cross-country skiers. A steep ridge runs the length of the property and several spots along the trails afford a scenic view of the land

towards the west. Ski trails are not groomed.

A Little History

This Conservation Area was set aside as a memorial to the late Colonel Roscoe Vanderwater, an enthusiastic conservationist, as well as the founder and first chairman of the Moira River Conservation Authority. The Conservation Area was opened in 1960.
